## Washcloth Service NOW AVAILABLE!

Finally...after much discussion, a pilot project, and some of you pleading for it...we are introducing an optional Washcloth Service.

One important motivation for using cloth diapers is to reduce our contribution to the landfills, and many of us, therefore, use washcloths instead of throwaway wipes. Most of us have opted for a washing service for the added convenience, and we would like to take that one step further.

*Here are the details of this New Service Option:*

BabyAuric will send a batch of 100% cotton washcloths along with your diapers each week. As you use the washcloths, simply toss them into the pail (no need to rinse or separate them). Return all unused washcloths as well, and you will receive the same quantity each week.

**Option 1:**  
30 washcloths per week  
Cost: \$2.00 per week

**Option 2:**  
50 washcloths per week  
Cost: \$3.00 per week

**Simple as that!**

**The BabyAuric Team**
