## 2009 CATALOGUE PRODUCTS & ACCESSORIES

Our product line is designed to offer all the accessories required to make your diapering experience easier as baby grows.

We work hard to offer quality baby products which are environmentally friendly and socially responsible, and whenever possible, locally manufactured.

### Diapering Accessories

#### **Bio-liners**

##### **Use: Poop containment**

Place this all natural liner on top of the diaper. When baby poops, it will be well contained in the soft, viscose liner, which is then flushed down the toilet (biodegrades within 8 days). Using these liners will minimise leakage, as well as smells emanating from an open diaper pail.

Price:  
Small:  
**\$6.00** per roll of 100  
Large:  
**\$8.00** per roll of 100

#### **Fleece Topped Hemp Booster**

##### **Use: Extra absorption & a dry bottom**

An essential accessory for when baby will be in his/her diaper for many hours, especially good for overnights. Topped with fleece (against baby's skin) to wick moisture away, and backed by a double layer of highly absorbent hemp.

Price:  
**\$5.00**

#### **Claudia's Choices™ Laundry Powder**

This concentrated laundry powder is formulated without the use of phosphates, dyes, bleach, sodium chloride, sodium sulphate or optical brighteners. Because it rinses out completely and is hypoallergenic, keep some by the sink to give diaper covers a quick hand wash and keep them stain-free.

This Made in Canada product is effective & safe for all your laundry needs, including cloth diapers, yet is gentle on baby's skin. 770g bag.
